

BLISTER CATALOG | 2018

PharmaCenter is a one-solution source response to the naturalsupplement and nutraceutical industry and its needs. We have been supplying and servicing the nutraceutical, pharmaceutical and veterinary industries for more than 10 years as an cGMP and FDA Registered Facility. During this time we have built strong and long lasting relationships with our partners from around the globe. We strive to provide our clients with the highest quality products and service while maintaining cost effective pricing crucial to long term success. Our strong commitment to quality and fast, courteous professional service has earned us a reputation of excellence among our clients. We strive to establish long term relationships that are based on core ethics such as safety, responsibility, efficiency, professionalism, commitment and trust.

Our innovative blister packaging lines have the ability to pack a vast range of dosage forms, ensuring your products are protected against moisture, light, and gas. All blister packaging is done within a temperature and humidity controlled ISO Class 8 clean room. We are equipped to produce high volumes and offer a large variety of formats and possess inline aluminum printing capabilities to meet your specifications.

- Temperature and humidity-controlled ISO Class 8 clean room.
- Thermo-Form blister packs (PVC, PVC/PVDC, PVC/PE/PVDC, Aclar)
- Cold-Form blisters (ALU/ALU)
- Inline thermal transfer aluminum printing
- Water tank blister package leak testing
- Pre printed foil capabilities
- Turn key and secondary packaging services available
